Hello!

Thank You for inquiring about our Post Graduate Basketball Program. We are very excited to potentially have you (your child) join the Warrior Family! We are honored that you are considering our program and what we have to offer. Our Post Grad program is built on these three components: Skill Development, Strength and Conditioning, and Exposure! We are committed to doing all the things that will create an opportunity for our athletes to earn a free college education, and that is our number one goal! Our players are required to 1. Enroll in community college (online and part time), take SAT/ACT Prep Courses, or enroll in our PlusOne Program. We are also active in the community, volunteering to help our senior citizens and mentoring the youth in the community are also required. Our desire is to not only prepare our athletes for the next level but to give them a head start. We have a very rigorous daily schedule (see below). We work extremely hard! We are confident that no other program will offer what we do, for the price that we do. We are also confident that no other program will work as hard for you (your child) as we will! Most of our games are on the road. We travel to wherever the scouts and coaches will be. We play about 35 games per year. We compete against, JUCO teams, College JV teams, we'll play in tournaments and showcase events. We go above and beyond to assure that our athletes gain the exposure that they need. In addition to our schedule, we send film of our team to be evaluated by Pro coaches and scouts have an opportunity to be signed as a professional basketball player.

Professional Stretching

1 Cryotherapy Session

Life Skills Courses

Team Gear (Shirts, Hoodies, Pants etc.)

### Tuition Breakdown Cont.

The total tuition for the year is \$15,000 which can be broken up into payments. There is a **nonrefundable** \$500 roster reservation fee due when they application is returned. The initial payment of \$3000 is due on or before September 1, 2024. After that payment there will be five (5) \$2400 monthly payments due on the 1<sup>st</sup> of October, November, December, January, and February. There will be a 3-day grace period before late payment penalties will be added. After 3 days, a 5% (\$120) fee will be added to the monthly fee. After 5 days, **another** 10% (\$240) fee will be added. After 10 days, the player will be asked to leave the program.

### **Financial Aid**

We require each player to enroll in college for two reasons. 1<sup>st</sup>, to give them a head-start on college courses for the next year. And 2<sup>nd</sup>, to lower the out-of-pocket costs for parents. If a player is eligible for financial aid through Fasfa, when they enroll in college as a part time student, they are normally granted about \$6000 in Pell grant money each year. That would instantly lower the out-of-pocket tuition cost to \$9000. If you (your child) still need financial help, they would also be eligible for student loans that could take care of the remaining balance. As we stated, the ultimate goal is for our athletes to earn a free college education, so hopefully this would be the only student loan needed for college. In some rare cases, our program may be able to offer financial aid if help is still needed.
